Aboriginal Business Advisory

WHAT WE DO

Engineering Design – Multidisciplinary

We develop engineering solutions that are technically robust, commercially considered and focused on long-term asset performance. Our capability includes engineering services across a broad range of infrastructure, industrial and resource sector projects, including:

- Civil Engineering Design
- Structural Engineering Design
- Mechanical Engineering Design
- Electrical Engineering Design
- Structural Integrity & Asset Assessments
- Inspections & Technical Investigations
- Repair & Life Extension Strategies
- Design Verification & Independent Reviews
- Temporary Works Design
- Design Management & Coordination
- Value Engineering
- Engineering Support During Construction

By integrating engineering design with project delivery, we help clients reduce risk, improve performance and maximise the value of infrastructure investments.

WHAT WE DO

Project Management & Design Delivery

COMMERCIAL MANAGEMENT & TRANSACTION SERVICES

For commercial risk management in large-scale construction projects, our approach ensures early issue detection and prevention.

PROJECT DELIVERY & DEVELOPMENT SERVICES

Strategic insights for planning and program execution. We deliver a range of solutions for the construction sector.

DESIGN MANAGEMENT & VALUE ENGINEERING

Innovative design solutions for high-impact projects. We focus on optimising both design and project performance.

COMMUNITY ENGAGEMENT & SUSTAINABILITY

We empower projects with culturally safe and inclusive practices and are dedicated to fostering community engagement and sustainability.

VERIFICATION & CONSTRUCTION SERVICES

Ensuring your projects meet deadlines and budgets, ISG specialises in enabling compliance, constructability, and seamless project delivery.

PROJECT COMPLETIONS & HANDOVERS

Ensuring flawless project conclusion, seamless completion transition, and trouble-free handovers.

WHAT WE DO

ICT Services | Digital Solutions

ISG delivers tailored ICT solutions for businesses of all sizes — from small enterprises to large organisations. We ensure your technology runs smoothly, securely, and efficiently so you can focus on growing your business.

WHAT WE DO

Cultural Advisory Services

ISG helps organisations work confidently and respectfully with Aboriginal communities, Traditional Owners and First Nations stakeholders. We guide you towards trusted relationships, respectful cultural understanding and meaningful engagement.

GUIDING PROJECTS WITH CULTURAL INTEGRITY

Our advice is grounded in lived experience. Two of our Directors are proud First Nations women with extensive experience supporting Aboriginal businesses, community organisations, government agencies and major infrastructure projects. We deliver culturally informed advice across a broad range of initiatives, including:

- Cultural advisory and strategic guidance
- Aboriginal stakeholder engagement
- Community consultation and relationship building
- Cultural governance and project support
- Indigenous participation and procurement strategies
- Social impact and community benefit planning
- Project planning and culturally informed decision-making
- Sustainable community partnerships

Our Team

SHARON JONES
Founding Director

A proud Palyku and Whadjak woman (Pilbara region and Perth region), Sharon is an experienced Director with 30 years' experience across business, employment, training, human capital and human resource management.

RAYLENE BELLOTTIE
Founding Director

Raylene is a proud Nanda woman from Yamatji country. Raylene has more than thirty 30 years' experience in the finance industry, with a robust history of delivering outcomes for the Aboriginal communities across WA.

KALE BILLETT
Engineering Principal

Kale brings extensive expertise to the delivery of complex engineering projects. He leads the end-to-end execution of diverse multidisciplinary engineering projects, consistently delivering high-quality outcomes.

To discuss your next project, get in touch.
